

MELODIC DEATH METAL FROM GERMANY

Aeon of Awareness was forged in 2020 as a two-man melodic death metal army by Meta and Per. Facing a world of uncertainty, we decided it was time to bundle our creative force and finally realize a long-awaited dream.

On one hand, this project represents a return to our musical roots. At the same time, it's essential for us to forge new paths and break free from the shackles of the past. In doing so, the circle is complete.

An Aeon of Awareness has begun.

Although originally conceived as a studio-only project, the urge to take our songs to the world's stages grew stronger after the release of our first EP, "Dialogue With The Unconscious." And so, we began to strengthen our ranks for the stage: Stefan joined us first on drums, followed some time later by Theo on bass and Erik on guitar as essential reinforcements

Stylistically, we draw inspiration from timeless heroes of the Gothenburg school as well as other death and black metal bands like Be'lakor, Behemoth, Hypocrisy, Wolfheart and many more.

BAND

PER LÜMBERSSON

Per is the mastermind behind Aeon of Awareness, performing both guitar and vocal parts. He was drawn early to the Death Metal scene and joined his first death metal band, Bloodland, in 2008.

In August 2020, he became an official Solar Artist, followed by becoming an official Raato Artist in July 2023.

For over 20 years, Per has been on the road with several bands, including touring as a session musician for Hiraes in 2024.

STEFAN

In May 2021 we announced a new reinforcement in our ranks. From then Stefan Roth will support us in the studio as on stage. He is known for being the drummer of Nargate. His distinctive drumming has been established as an important trademark and shaped the sound of Aeon of Awareness.

Stefan is an official Pergamon Cymbals Artist.

THEO

Since May 2023 we are supported by Theo on stage. He builds the fundament of Aeon of Awareness with his low frequencies and gained a lot of experience as a musician with bands like Lumberhead, Dead Man Trigger and Fatal Exception.

ERIK

Since May 2024 we are supported by Erik on stage and in the studio. As a newcomer to the metalscene, Erik also founded the Hardcore Band "Better Way Out" around that time and quickly established himself as a worthy addition to Aeon of Awareness.

Let's introduce the man with the deep voice behind the mic:

META LIST

... better known as lead vocalist of Calliophis and Dynamation. As a dedicated studio vocalist for Aeon of Awareness, he enriches our recordings with his deep, expressive voice and powerful growls.
